by the Special Asst. Comr. in re employment of Tohies to look after new Date Plantations & expenditure incurred in forming nurseries to plant Date seed & transplant them to Plantations.

I beg respectfully to solicit perusal of my note on both the above points which are of importance. To the first proposal the Excise Comr. was asked to send up proposals called for by Govt. in re remuneration of Village officers & servants for doing Excise work. Vide paras 10, 11, 12 & 13 of Proc. no. 1019-29 Cir 4 D/12-4-92 & its subsequent references.

2. As regards the 2nd, it is evidently an utterly needless expenditure. What should be done has been indicated

in my note. Expenditure should be restricted to what is necessarily needed to attain this end.

3. The Excise Comr should I think be told to keep a register of the expenditure incurred in this & other Special matters pertaining to exceptional expenditure under Excise & report particulars in the annual Excise Report

Sir,

With reference to your docket C No 143/5, dated 10th July 1894, calling for a report on the opening of date plantations, in the Kolar District, I have the honor to state that the planting operations were carried in all the Taluks in this District, except Bagepally and Malur, and over a lakh of plants germinated, but latterly in the dry season a large number of them died away except what is shown in the accompanying statement.

2. The Amildars have been directed to carry on the work extensively in the

the current year, and operations have actually commenced in the Kolar Taluk. As thotties are especially necessary to watch the plantations from damages by cattle, I request you will be so good as to authorize me to appoint thotties as per margin at Rs 1 1/2 each per mensem, hoping a general sanction regarding the same will be communicated.

Hunsamahally, Kanavekal and Nerinally each	3
Singondahally, Mogelahally and Nagangallahally each	3

Probably there will be similar Thotties in each of these Villages. Of these Thotties are to be employed for watching the Potato plantations they are by no means numerous. There is a Special Watcher employed by Government for the Potato plantations, but he is not sufficient to watch the whole plantations. I have therefore employed these Thotties for watching the Potatoes for the Special Watcher to assist him. There are such numerous Thotties willing to do the work efficiently for the remuneration proposed, which I intend to grant.

Enclosure

With reference to the Excise Commissioner's Memo No 29-36/3, dated 3rd July 1894, forwarding Government Proceedings No 23398-9/R7 103-92, dated 28th June 1894, placing certain amount at the disposal of the Excise Commissioner for collecting and sowing date seeds in certain lands selected for new date plantation, I have the honor to submit the following report for the month ending August 1894.

2. Circular orders were issued to all Amildars of the District to select lands for plantation of both Bagni and Date Toddy.

3. As the groves in the Madur taluq are found adequate it was decided for the present that no additional plantations were necessary. The Amildars of Koppa and Mudigere reported that there were no suitable lands to form plantations

4. The Amildars of Tarikere and Chickmagalur have

time selected and reported a few sites, the rough sketches whereof together with all details are herein enclosed.

5. The Amildar of Kadur with the help of the Taluq Inspectors and village servants collected 2000 Seers of date seeds free of cost, parts of which have been distributed among Chickmunglur and Tarekere Taluqs.

6. Forty Seers of these seeds were as a trial sown in a nursery in the Chickmunglur park under the supervision of Mr. Ramasamy Iyengar, Vice President and the General Assistant Commissioner. The plants in this nursery are thriving well and will be shortly trans-planted in the Karadinally plantation near Chickmunglur. Of the amount of Rs 150/- allotted for this District Rs 90 was allowed to the Chickmunglur Taluq and Rs 60/- to the Tarekere Taluq. The balance of Rs 30 is kept in deposit as a reserve to meet further expenses which may occur in due course.

8. A bill for Rs 7-14-0 received from the Amildar of Chickmunglur Taluq is herewith submitted for Sanction, the amount being already paid in

9. The Amildar of Parekure Taluq reports that no expense was incurred during the month as the seeds were not sown for want of rain.

Has the honor to request that the Deputy Commissioner will be so good as to arrange to cause date seeds to be put down in waste lands adjoining the water spread of tanks, and also across the the feeders of tanks. This measure is calculated not only to prevent silt from being washed into tanks, but also to raise date groves with little or no cost. It being one of the duties of ryots to protect their tanks from being silted up they used to plant 'Honge' or black babul trees across feeders and in necessary spots adjoining the water spread. In lieu of planting such trees, they may now be called upon to grow date trees to protect tanks from being silted up. The requisite seeds may be supplied to them. It is a well known fact that in such lands

date

date trees thrive well and grow rapidly. There is no objection to incur reasonable expenses in this direction from the funds sanctioned by Government for raising date plantations.

2. Across the feeders of tanks date seeds should be planted immediately after the close of the rainy season.

Excise Department.

Sir,

With reference to para 2 of Government Proceedings No: 14377-8/R. 2086, dated 8th/12 instant, I have the honor to state that as per copy of Statement submitted with my letter No: 1187/122, dated 10th/11 September 1894, to your address, about 4500 palmyra seeds were planted last year in the Bowringpett taluk, but only a few germinated; and all are

expected

expected to come up, during the
next rainy season, and about
7000 palmyra seeds were planted
last year in the Kolar taluk and
were just germinating.

Sir:

His letter no 1187/122 Dy 10th Sept/24 requesting sanction to the temporary employment of the Potis of certain villages to look after Date Plantations in certain Taluks of the Kolar Distt.

I am duly to observe as follows:—

1 Probably there is a single Poti in each of these villages. If these Potis are to be employed for watching the Date Plantations, how are they to do the other multifarious duties they have

to perform? Does the Dy Comr mean to employ the "Hissadars" of the Tehsils for the clerical work? If so, has he ascertained that there are such "Hissadars" as willing to do the work efficiently for the remuneration proposed to be paid to them?

2. An early report on the above points is requested.

Sir,

With reference to the Chief Secretary's C No 15074 / R 2175, dated 16th March 1895, I have the honor to forward herewith, copy of letter C No 5059 / 3137, dated 22nd / 26th instant from the Deputy Commissioner, Kolar District, reporting that in large villages the Peons of Taluks will watch Date Plantations, and in small villages

villages in which there is a single Toty, the other members of his family will watch them, I have to recommend that under the circumstances explained by the Deputy Commissioner, the allowances to the Wathmen recommended by the Deputy Commissioner, may be sanctioned.

With reference to your No 3942/117, dated 19th March 1895, forwarding copy of the Chief Secretary's docket No 1674 R No 2175, dated 16th March 1895 enquiring how the Potels to be employed for watching the date plantations, attend to the multifarious duties and if there are Hussidars of the Potels willing to do the work efficiently for the remuneration proposed to be paid to them, I have the honor to state that from the enquiries made it would appear that the Hussedars of the Potels in important and big villages will be able to watch and protect the plantations from damage by cattle; and in cases of small villages where there is a single Potel, this work could be attended to by the other members of his family, though the remuneration proposed to

be

be fixed at so small, considering the amount of labor devolving on them.

Under the circumstances I would beg to suggest that the monthly allowance of 1½ Rupees may be raised to Rupees 2, which amount in full will be paid only to such as those who show satisfactory results, the others being allowed only the reduced rate of remuneration.
